

# You Won't Find This

## Carrie Underwood

Did you check the tires?  
Put gas in the car?  
I dont think youll need too much  
Cause you aint gonna get that farDid you pack the good times?  
Dont forget a map  
Just in case the route you take  
Isnt there to take you backYou can hold any girl that you like  
Fall in love when its easy at night  
But you wake up wondering why  
She aint ever something betterWhen youre lost and youve run out of road  
Find what I already know  
In the end close is all there is  
But you wont find this  
No, you wont find thisTheres once in a lifetime  
And theres once in a while  
And the difference between the two  
Is about a million milesOh, you might get lucky  
While the moon is looking on  
But in the truth of the morning  
The stars will be long goneYou can hold any girl that you like  
Fall in love when its easy at night  
But you wake up wondering why  
She aint ever something betterWhen youre lost and youve run out of road  
Find what I already know  
In the end close is all there is  
But you wont find thisYou can hold any girl that you like  
Fall in love when its easy at night  
But you wake up wondering why  
She aint ever something betterWhen youre lost and youve run out of road  
Find what I already know  
In the end close is all there is  
Oh, in the end its me youre gonna miss  
Cause you wont find this  
Oh, you wont find this
