

# She's Unreal

## Meat Beat Manifesto

Give me love, give me love so that I can kill.

Kill, kill, kill, kill...

Love me, love me,

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Love me,

Love me,

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

Give me love so that I can kill,

She's, she's unreal

[people stuttering]

Love me,

You're unusual

Love me,

unusual

Love me,

You're unusual

Love me,

unusual

Love me,

You're unusual

Love me,
