

Say When

Lonestar

Your heart's been broken, you don't wanna open up to me
But can't you see all that you're needing is someone to believe in you
And when you are no longer afraid
Darlin', I'll be just one word away Say when, I'll be there by your side
For a day, for a year, for the rest of my life
I know you're not ready but someday your heart's gonna mend
I'll give you love without end, say when Could be tomorrow, maybe a little farther down the road
Your heart will know, my love is timeless and you're gonna find it's true
And no matter how long it takes
If it means holding you I can wait Say when, I'll be there by your side
For a day, for a year, for the rest of my life
I know you're not ready but someday your heart's gonna mend
I'll give you love without end, say when
