

# Follow You

## Night Riots

I saw your face inside the newspaper  
You saved your brother but your hand got burned  
Your hair was wild just like a lion's fur  
I want to lie with you and make you purr  
I will follow you home  
'Cause I know where you live  
You'll never be alone  
'Cause I know where you live  
No shame, I believe I'm in love with you  
I'm in love with you  
No shame, I believe I'm in love with you  
I'm in love with you  
I drive by your work almost every day  
That big old window shows me everything  
I saw you look at me through the glass  
Your eagle vision almost made me crash  
I will follow you home  
'Cause I know where you live  
You'll never be alone  
'Cause I know where you liveI will follow you home  
'Cause I know where you live  
You'll never be alone  
'Cause I know where you live  
No shame, I believe I'm in love with you  
I'm in love with you  
No shame, I believe I'm in love with you  
I'm in love with you  
Following you home, I'll follow you  
Following you home, I'll follow you  
Following you home, I'll follow yo  
Following you home, follow you  
I like to sneak around and hold my breath  
I lie awake just to watch you undress  
Tip-toe to our bed like an animal  
You let me kiss you until I lose control  
No shame, I will follow you home  
No shame, you'll never be alone  
No shame, I will follow you home  
No shame, you'll never be alone

No shame, I believe I'm in love with you

I'm in love with you

No shame, I believe I'm in love with you
