Somebody

Rhonda Vincent

You think love is nothin' but trouble
'Cause what you give you never get back
You think hearts were made to be broken
But you don't need to be thinkin' like thatCan't you see somebody's just dying to love you
To hold you and show you she cares?
Can't you see that maybe she's trying to tell you
Somebody will always be there?See that light at the end of the tunnel
It ain't hard to get there from here
Just put one foot in front of the other
Take it from me there's nothing to fearCan't you see somebody's just dying to love you
To hold you and show you she cares?
Can't you see that maybe she's trying to tell you
Somebody will always be there?Are you gettin' the picture?
Am I startin' to get through to you?
Somebody's waitin' to promise their heart
And I think you know whoCan't you see somebody's just dying to love you
To hold you and show you she cares?
Can't you see that maybe she's trying to tell you
Somebody will always be there?Can't you see somebody's just dying to love you
To hold you and show you she cares?
Can't you see that maybe she's trying to tell you
Somebody will always be there?
