

King Bruce

Team Spirit

Stop right now
Stop pretending
As you fall so fast
It feels like flying
Through a hurricane
I don't mind it
As my head unfolds
I can't find it
Oh, I was wrong
Wronger than I'd ever been
I messed up
But I don't take back anything
I can't feel all my limbs
It's a case of growing pains Walk right up
Keep on talking
As you talk that talk
Keep on walking
And it's high tide now
Feels like drowning
And it moves so fast
I'm not grounded
And the sky drops low
Lower than it's ever been
Stop the show
I won't feel the same again I can't feel all my limbs
It's a case of growing pains
I can't eat
I can't sleep
And I
I feel fine
I tell myself
That I will feel alive again 'Cause I got a case of growing pains
Yeah I got a case of growing pains Guitars! I can't pretend to taste the salt
Turn up the heat
It's not my fault 'Cause I got a case of growing pains
Yeah I got a case of growing pains
Oh I got a case of growing pains
Yeah I got a case of growing pains
