## **Collective Soul**

I'm sleeping, sleeping to encompass myself I wake up, wake up then distribute what's leftWith my anger well diffused The link to love I now may choose With my heart no more abused The link of love I now may useI'm sleeping, sleeping to develop myself I wake up, wake up then relinquish what's leftWith my anger well diffused The link to love I now may choose With my heart no more abused The link of love I now may useWell I was caught by your lies spinnin' Then was saved by truth's opinion All's quiet nowWith my anger well diffused The link to love I now may choose With my heart no more abused The link of love I now may useWith my anger well diffused The link to love I now may choose With my heart no more abused The link of love I now may useThe link to love I may choose The link of love I may use
