

# A Question of Time

## Depeche Mode

I've got to get to you first before they do  
It's just a question of time before they lay their hands on you  
And make you just like the rest  
I've got to get to you first it's just a question of time Well now you're only fifteen and you look good  
I'll take you under my wing somebody should  
They've persuasive ways  
And you'll believe what they say It's just a question of time  
And it's running out for you  
It won't be long until you'll do  
Exactly what they want you to I can see them now hanging around  
To mess you up to strip you down  
And have their fun with my little one It's just a question of time  
And it's running out for you  
It won't be long until you'll do  
Exactly what they want you to  
It won't be long until you'll do  
Exactly what they want you to No, I don't blame them for wanting you  
You look good and they need something to do  
Until I look at you, then I condemn them  
I know my kind what goes on in our minds It's just a question of time  
It's just a question of time  
It's just a question of time  
It should be better It's just a question of time  
It should be better with you  
It's just a question of time  
It should be better It's just a question of time  
It should be better with you  
It's just a question of time  
It should be better It's just a question of time  
It should be better with you
