## **Little Red Book**

## **Ted Nugent**

I just got out my little red book The minute that you said goodbye I thumbed in through my little red book I wasn't gonna sit and cryAnd I went from A to Z I took out every pretty girl in town They danced with me and as I held themAll I did was talk about you Hear your name and I'd start to cry There's just no getting over you, ohh, no There ain't no girl in my little red book Who could ever replace your charms And each girl in my little red book Knows you're the one I'm thinkin' of Ohh, won't you please come back Without your precious love I can't go on It's hard to be, I need you so muchAll I did was talk and talk about you Hear your name and I'd start to cry There's just no getting over you, ohh, noOhh, won't you please come back Without your precious love I can't go on It's haunting me, I need you so muchAll I did was talk about you Hear your name and I'd start to cry There's just no getting over youAll I did was talk and talk about you Hear your name and I'd start to cry There's just no getting over you, ohh, no All I did was talk about you Hear your name and I'd start to cry There's just no getting over youAll I did was talk and talk about you Hear your name and I'd start to cry There's just no getting over you, ohh, no
