

# Something Wonderful Happens In Summer

[Frank Sinatra](#)

Something wonderful happens in summer  
When the sky is a heavenly blue  
You fall in love, you fall in love  
With someone who loves you too  
Something wonderful happens in summer  
When the moon makes you feel all aglow  
You fall in love, you fall in love  
You want the whole world to know  
You carve initials on a tree  
You kiss and exchange a ring  
June and July go by  
Your heart sings, "Ting-a-ling-a-ling-a-ling"  
Something wonderful happens in summer  
And it happens to only a few  
But when it does, yes when it does  
You'll feel wonderful it happened to you
