

# Good Things Don't Come to Those Who Wait

## Brainless Wankers

how much more are you gonna take? | are you asleep or still awake? | where is your anger where's your rage? |  
this fucking life can be your stage | break from the crowd | life's too short for a doubt | start to live loud | don't  
speak but shout | do you still feel some kind of pain? | or are you numbed by cellophane? | I'm sure your coma  
must be fine | but now let's disconnect the line | break from the crowd | life's too short for a doubt | start to live  
loud | don't speak but shout | you swallow everything they serve | you get what you deserve | good things don't  
come to those who wait | it's time to set it straight | discover what you love and what you hate | it's fun to  
deviate | discover what you love and what you hate | you really hate | discover what you love and what you hate  
| it's fun to deviate | discover what you love and what you hate | break from the crowd | life's too short for a  
doubt | start to live loud | don't speak but shout
