Top Down

Mr. TiniMaine

(however you want it , is how i must get it)

I had to sit down for a masterpiece , (preach ma nigga)
i gotta put ma niggaz in the zone (whatâ€™s up?)
have you ever had the thought like you wanted to die?
i just wanna know if iâ€™m alone
cries of my own of deaths thatâ€™s surrounding me (iâ€™m so sorry)
i donâ€™t know if i can take no mo.
how i know? my hands start to shake fasho.(start to sweat)
at the point iâ€™m bout to tilt the boat.
calm my nerves , but Tini had to hide the pain
calm my nerves to keep myself from goin insane.
i ain playin , n what iâ€™m boutta say no joke.
now you know , right now ain the time to provoke.
E N D is boutta hit like H I V (watch yoself)
and ima be what i be (what is that?)
the numba one best select , real respect, a 3 time war cadet.
