Thinkin' With My Heart Again

Lee Ann Womack

I only needed coffee
Aisle 4 is where he caught me off guard
Seemed like a lifetime, between his goodbye
And by the way how have you been?
He talked about the weather
I thought of nights I held him so close
There I go
Thinkin' with my heart again
His smile brought back the best times
Sweet memories of nights together
Stirrin' up those old feelin's
That got me thinkin' 'bout forever with him
He said, "I'd best be goin
There's someone waitin' for me outside, and I'm dyin'
There he goes and here I go
Thinkin' with my heart again"
His smile brought back the best times
Sweet memories of nights together
Stirrin' up those old feelin's
That got me thinkin' 'bout forever with him
I only needed coffee
Aisle four is where he caught me
Thinkin' with my heart again
