Take Me

Glenn Lewis

It was in November
When while out one night with friends
That I saw her there
She was just standing thereSomething in her distant stare
A faint look of despair
To her I was drawn
Asked her was anything wrongI told her my name
Said how you do
'Bouts to say you take care
It was nice to meet youThen she stopped me desperately
As if to say don't go, but then she said to me"Anywhere, you wanna go
Just take me, take me"
"Anywhere, you wanna go
Just take me, take me"Not knowing what to say
But I could see
She was going thru some things
And needed someone to be
There to listen, probably wishing
She was someone elseAnd in my heart felt bad
And I just knew I had
'Cause I'd want the same myself
So we got into it
And while she talked I thought to myself
How could it beThat she'd have no one, not even a friend to come
And she'd have to turn to me and say"Anywhere, you wanna go
Just take me, take me"
"Anywhere, you wanna go
Just take me, take me"Seeking the wrong kind of attention
Always in abusive situations
And don't know how she got it good
Was starting to sound like it could be
The reason for miserySlowly I could see
She had problems nothing
I or anyone could say or do
Would help what she was going thruThen suddenly, she stood up across from me
And as loud as she could be, screaming out
"Some one help me please"
Realizing she was gone wishing I'd mind my own sayingTake me an-nywhere but here
She's crazy, crazy

Take me an-nywhere but here
She's crazy, crazy
Take me an-nywhere but here
She's crazy, crazy
Take me an-nywhere but here
She's crazy, crazy
Take me an-nywhere but here
She's crazy, crazy
