

Emo Stew

Las Vegas Mobsquad

Im having trouble trying to pee
I push hard but nothing comes out
I start to cry
Cause Im emo and dry
Tumbleweeds blow around insideIn my hand here we goMy little soldier sucks in bed
She stands there naked and I lay limp
She plays it a bit
And just points and laughs
I fucking hate my little dickIn my hand here we goMy cheeks are turning red as I try
The tissue dry in my disgrace
Jerk real hard
Air rolls out
Just a desert of skin and veinsIn my hand here we goMy little soldier sucks in bed
She stands there naked and I lay limp
She plays it a bit
And just points and laughs
I fucking hate my little dickIn my hand here we go
