Deconstructing Gods

Blaqk Audio

You cant stop the gods
When I came across you
When the lights were blind
Eyes beside youIts a game of trust
Cause I always sought you
Dont you leave me distraught
Ill try to find youCome as quickly as I'm indisposed
That what I cant describe is what I want the most
Loves so sickly and I'm indisposed
What I cant describe is what I want the most
The love comes quickly as Im indisposed
What I cant describe is all I wantedFeeling breezes
So I know it must be
Time to leave you dear
Every things warm when your heart goes coldFeeling breezes
So I know it must be
Time to leave you dear
Every things warm when your heart goes cold
