

# Southbound

MxPx

It's all the same, same old town with a different name  
That's fine by me, there's only one place that I wanna be  
Southbound on I-5, windows down and music on the  
stereo

I'm drivin' and I'm dreamin', there's no place I'd rather go  
Staring at white lines on the side of the road  
Been on the road a while, I've gotta get back to a place with style  
Hang out, havin' fun, I've gotta get back to the beach in the sun  
Southbound on I-5, windows down and music  
on the stereo

I'm drivin' and I'm dreamin', there's no place I'd rather go  
Playing every night with the occasional fight
