

# Badass

## Reckless Love

I like the way that you lick your teeth  
Oh it's so dirty better make a confessional  
I like the way that you look at me  
I bet your body moves like a professional  
I love the way you dress in leather and lace  
I love the way you blow the smoke on my face  
I like the way that you challenge me  
Keeping me da-dazed and amazed  
With your pretty little face

Knock out, ain't you such a badass baby  
You walk on wire and you play with fire  
Knock out, yeah you sexy badass baby  
The stakes are higher when you play with fire  
Ready to fight  
Light up the night  
Badass

You got the thighs and you got appeal  
And everybody finds it so unconventional  
You got the eyes and I can't believe  
That anybody could deny they're sensational  
I love the way you blow the other away  
I love the way you're walking right in their face  
I like the way that you challenge me  
Messing up my pace in the chase  
Gonna put you in your place

Chorus

A lotta lies and a mystery  
A lotta liquor and the lips of a lunatic  
A lotta soul in your secrecy  
It says it all and you know that I'm lovin' it  
I love the way you blow the others away  
I love the way you blow the smoke on my face  
I love the way that you challenge me  
Messing up my pace - the chase

Chorus (repeat)
