Skin & Bones

Picture Me Broken

Hey dear
I fear
I'll watch you disappear
I know
You'll go
Until you're Skin and Bones

Your reflection's all you're worth

CHORUS

This time it's almost over
I watch you turn to dust
I know it's not much longer
Until you faint
Cause you'll never love yourself at all
Cause everything you touch will fall to pieces
This time it's almost over now

Wake up Skin and Bones (wake up)
Wake up Skin and Bones (wake up)

You're so alone
Your sickness feels like home
Find some control
Starve 'till you're beautiful

Your reflection's all you're worth

CHORUS

Until you're skin and bones
Your sickness feels like home
(your sickness feels like)
Your sickness feels like
Home...

CHORUS
