Away

Toadies

You say, "Forever", And I confess, "I shiver"
You say, "Hope", I say, "That's where I'm goin'"
To be in the shade, the oldest trees above my head
When I'm away, I know in my heart there is a Heaven
If I'm out hunting, come right on in, yeah
'Cause even when I'm gone my doors are always open and if I'm asleep
Make sure my blanket covers me, yeah
When I'm away, I know in my heart there is a Heaven

When I'm away, when I'm away, when I'm away
When I'm away, when I'm away, when I'm away
When I'm away, when I'm away, when I'm away
To be in the shade, the oldest trees above my head
When I'm away, I know in my heart there is a Heaven
Come right on in, yeah, come right on in, yeah
Come right on in, yeah, come right on in, yeah
