Burn

Ellie Goulding

We, we don't have to worry bout nothing
Cause we got the fire, and we're burning one hell of a something
They, they gonna see us from outer space, outer space
Light it up, like we're the stars of the human race, human raceWhen the lights turned down, they don't know what they heard
Strike the match, play it loud, giving love to the world
We'll be raising our hands, shining up to the sky
Cause we got the fire, fire, fire, yeah we got the fire fire fireAnd we gonna let it burn burn burn burn
We gonna let it burn burn burn burn
Gonna let it burn burn burn burn
We gonna let it burn burn burn burnWe don't wanna leave, no, we just gonna be right now
And what we see, is everybody's on the floor acting crazy getting lurker to the lights out
Music's on, I'm waking up, we stop the vibe, and we bump it up
And it's over now, we got the love, there's no secret now, no secret nowWhen the lights turned down, they don't know what they heard
Strike the match, play it loud, giving love to the world
We'll be raising our hands, shining up to the sky
Cause we got the fire, fire, fire, yeah we got the fire fire fireAnd we gonna let it burn burn burn burn
We gonna let it burn burn burn burn
Gonna let it burn burn burn burn
We gonna let it burn burn burn burnWhen the lights turned down, they don't know what they heard
Strike the match, play it loud, giving love to the worldWe gonna let it burn burn burn burn
Burn burn burn burnWe can light it up up up
So they cant put it out out out
We can light it up up up
So they cant put it out out out
We can light it up up up
So they cant put it out out out
We can light it up up up
So they cant put it out out outWhen the lights turned down, they don't know what they heard
Strike the match, play it loud, giving love to the world
We'll be raising our hands, shining up to the sky
Cause we got the fire, fire, fire, yeah we got the fire fire fireAnd we gonna let it burn burn burn burn
We gonna let it burn burn burn burn
Gonna let it burn burn burn burn
We gonna let it burn burn burn burnWhen the lights turned down, they don't know what they heard
Strike the match, play it loud, giving love to the world
We'll be raising our hands, shining up to the sky
Cause we got the fire, fire, fire, yeah we got the fire fire fireAnd we gonna let it burn
