Don't Know Why

Slowdive

Put it all behind you
Put it in a song, yeah
I don't want to know about it
Put it in a corner
Somewhere I can't find it
I don't want to think aboutPut It on a fire
Put it in a pocket
I don't want to see you now
Put it in a picture
(Bury all the magic)
Hide it in a story
(Bury all the treasure)
I don't wanna know aboutI don't remember much about it all
Just saw you loving someone else
And swallowing that bitter pill
My shabby heart was acting out
You know I don't want no one else
Threw it all upon a fire
Took the fight to someone else
