

Die Another Day

Beatrice Eli

Riding on a bicycle
Looking at trees and stuff
Got this good school feeling
I don't wanna die today
All my friends got problems
Going through all kinda stuff
Got this good feeling
Everything will be okay Everything is gonna be okay It's gonna be okay
Tell me it's okay
Die another day Old friend don't give up on me
I'm trying really hard
Swimming in the ocean
Looking at birds and planes
I don't wanna die today
I just don't wanna live
Got this good feeling
Everything will be okay Everything is gonna be okay It's gonna be okay
Tell me it's okay
Die another day Yeah it's a beautiful day
Clap your hands if you're feeling gay
Everything's gonna be okay
Clap your hands if you're with me I don't wanna die today
I just don't wanna live
Got this good feeling
Everything will be okay
Everything will be okay
Everything will be okay
Got this good feeling
Everything will be okay Yeah it's a beautiful day
Clap your hands if you're feeling gay
Everything's gonna be okay
Clap your hands if you're with me Yeah it's a beautiful day...
