

# What You Want (feat. Total)

Mase

Tell me what you want  
Tell me what you want  
Just tell me what you want  
Tell me what you want  
Tell me what you want  
Tell me what you wantTell me what you want for me  
Take a look at what you see  
Let me know if this right here  
Is something you can have for years  
Tell me what you want for me  
Take a look at what you see  
Let me know if this right here  
Is something you can have for yearsNow Mase be the man wanna see you doing good  
I don't wanna get rich, leave you in the hood  
Girl, in my eyes you the baddest  
The reason why I love you, you don't like me 'cause my status  
I don't wanna see you with a carriage living average  
I wanna do my thing so we be establishedAnd I don't want you rock in them fabrics  
Girl, I will give you karats till you feel you a rabbit  
Anything in your path, you want you can have  
Walk through the mall, if you like it you can grab  
Total it all up and put it on my tab  
And then tell your friends all the fun you hadTell me what you want for me  
Take a look at what you see  
Let me know if this right here  
Is something you can have for years  
Tell me what you want for me  
Take a look at what you see  
Let me know if this right here  
Is something you can have for yearsHey Mama, won't you come here to Papa?  
You don't like the way your tata's lookin' at Shada?  
In a 600 ain't no smokin' cigada  
Come over here, I think I see your baby faddah  
Here ya go the number to my casa  
If you in a rush you call me mananaWhatever you need girlfriend, I got the whole enchilada  
Just the way you like it, Mase gonna do you propa  
Girl, I can tell you was meant for me  
I can tell by the way you was sent to me  
While I'm on tour trying to make them centuries

And they ask who your man, you better mention me If you don't you know you got a problem

Said you want no beef girlfriend don't start none

And it just so happens that I'm seeing cash

'Cause you messed up a lot just trying to be fast

And I ain't gonna ask who smashed the E-Class

Pull up to the crib with the whole front crashed

Now you wanna laugh, good thing that's the past

If you ever lie again, girl, that will be your last Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years

Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years Now the more you treat me royal I adore you

That's why I don't mind doing these things for you

You did things for me I wouldn't believe you did

That's why I always want to keep you here

In a year or two, girl, I could see you with my kids

Girl, you make a thug want to get a legal gig It's only right we spend our lonely nights

Gettin' crazy biz till we awake the kids

Don't get too loud, got respect for you honey

To keep it all real, you come second to my money

And can you be my ghetto love prophecy?

Everybody love you girl, not just me

And I know that you really care a lot for me

Wanna to see you happy even if it's not with me

Even if it's not with me Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years

Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years

Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years Tell me what you want for me

Take a look at what you see

Let me know if this right here

Is something you can have for years

Tell me what you want for me  
Take a look at what you see  
Let me know if this right here  
Is something you can have for years
