Come To Me

[Otis Redding](#)

Come to me for I'm lonely
Come to me for I'm lonely, darling
Come to me and be my girl
For I love, love you soCome to me forget the past
Think of life we have ahead, my, my, my, my baby
Come to me and be my girl
For I love, love, love you so, oh nowDay are getting so lonely, yeah now
Life are getting so blue
Time has come for you and I
To get together and we'll make two, my, my, my, my babyCome to me for I'm begging
Come to me for I'm begging, darling
Come to me and be my girl
For I love, love, love you so, yeahCome on now baby
Baby I'm down
Said, "I'm down my knees, oh"
I need me someone, now
Said, "I need some love"
Just to stand right by me, ohYou know that these arms of mine
They have been lonely, lonely so long
But I know, but I know, I know what my heart needs
I know, I know just what my heart needs
