Testimony

Dana Glover

It's just another, testimony
That you are my, my one and only
You're my kind, my perfect find
And you are mine
It's just another, testimony
Make me believe, in matrimony with you baby
You're my kind, my perfect find
And you are mine
Everybody knew that I'd never be the one
To give my love no I'd turn and I'd run in the other direction
Now nobody can believe just what they see
But they see you and they see me give all my love and affection
Another testimony
That you are my, my one and only
You're my kind, my perfect find
And you are mine
Now well, I can't explain it
Thought I'd never entertain it
I'm picturing a ring on my finger
And now that I'm alone at home I hold your favorite cologne
Sometimes I'll spray it and let it linger
You're my kind
(Everybody knew that I'd never be the one
To give my love no I'd turn and I'd run)
Whoa whoa whoa
Whoa whoa whoa

(Now nobody can believe just what they see
But they see you and they see me love)
Whoa whoa whoa
It's just another, testimony
That you are my, my one and only
You're my kind, my perfect find
And you are, and you are, and you are heeeey
It's just another, testimony
Make me believe, in matrimony
You're my kind, my perfect find
And you are and you are mine
You're my kind, my perfect find

Heeeey
You're my kind, my perfect find
Just another, testimony
Just another, testimony
Just another, testimony
Mmmm, Mmmm, Mmmm
Mmmm testimony
Mmmm testimony
Mmmm testimony
Mmmm testimony
Testiony testimony testimony testimony
