Natural High

Bloodstone

Why do I keep my mind on you all the time
And I don't even know youWhy do I feel this way
Thinking about you every day
And I don't even know youTake me in your arms
Thrill me with all of your charmsAnd I'll take to the sky on a natural high
(I want to take to the sky)
Loving you more 'till the day I die
(On the natural high)
Take to the sky on a natural high
(I want you to be mine)
Loving you more.If you have anything to do
Call me and I will do it for you
And I don't even know youIf I only had one wish to give
That wish would be for you to live forever and ever.
When I see you on the street
My heart skips a beatAnd I'll take to the sky on a natural high
(I'll just take to the sky)
Loving you more till the day I die
(on a natural high)
Take to the sky on a natural high
(Loving you more and I don't know you)
Loving you moreI'm gonna try to do
All the things you want me to
If you'll just give me a chance
I'm trying to make something out of a nothing romance
And I don't even know youTake me in your arms
Thrill me with all of your charmsAnd I'll take to the sky on a natural high
Loving you more 'till the day I die
(To the sky)I'll take to the sky on a natural high
Loving you moreAnd I'll take to the sky on a natural high
Loving you more 'till the day I dieI'll take to the sky on a natural high
Loving loving youI'll take to the sky on a natural high
Loving you more 'till the day I dieI'll take to the sky on a natural high
Loving loving youLa la la la la la ...
