

# Tonight

## The Raspberries

One, two, three, four  
When you smiled at me  
And I saw your eyes  
All I ever wanted to be  
Was in your arms tonight  
You looked too young to know about romance  
Oh, yes you did  
But when you smiled, I had to take a chance  
I had to take a chance and be with you Tonight  
I'll be with you tonight  
Tonight  
You'll love me too tonight  
Woh baby, tonight  
I'm making love to you  
Woh, tonight  
Bop-om-doo-doh-woh-mop-shoo  
Woh, tonight  
You're gonna love me too  
tonight  
Woh, tonight I don't know myself  
If it's wrong or right  
All I know is what I can feel  
So be my love tonight  
You looked too young to know about romance  
Oh, you know what I mean  
But when you smiled, I had to take a chance  
I had to take a chance and be with you  
Woh, tonight  
Won't you let me sleep with you, baby  
Woh, tonight  
I just wanna make you feel good inside, baby  
Woh, tonight  
Let me feel the love that's in you  
Woh, tonight  
Come on, come on, come on, come on  
and let me  
Come on, baby  
Woh, tonight
