

# My Song 5 - Remix

## HAIM

[Intro: ASAP FERG]

Talk to me nice or don't talk to me[Verse 1: Haim]

I found it hard, tried to reserve

I'll get it right when I am heard

(Hot for me)

The man's his own

(Hot for me)

To her he'll go

(Hot for me)

But I'll be fine

(Hot for me)

'Cause I know[Pre-Hook: Haim]

He's in her heart, on the floor

thinkin' that I'll never know

I'll be up going through crazy shit I did for you

In my mind, in my head

seein' all the words unsaid

Honey, honey I am never coming home again[Hook: Haim]

I've been lied to

So what's the truth?

No I'm not gonna hide it all, keep it in all from you

I've been dying to know what you tried

You've been lying so

Honey, I'm not your honey pie[Pre-Hook: Haim]

He's in her heart, on the floor

thinkin' that I'll never know

I'll be up going through crazy shit I did for you

In my mind, in my head

seein' all the words unsaid

Honey, honey I am never coming home again[Verse 2: Haim]

If you want to see me baby please

Been holding on for eternity

Say you only want me

Missing you never led to much of anything If you wanna know, if you wanna show me

How it means, what it seems, seems to be

Held by a thread, tried to forget

But I'll never let it go

Honey I'm not your honey pie[Verse 2: ASAP FERG]

Can you handle the truth? I don't think you can

Jealous now 'cause I'm working with this female band  
She wanna  
Consume the world and get all females banned  
Always talk about marriage, I don't see those plans  
And yes, I cheated once and so did you  
You let your girl eat you out like a bowl of soup  
And how you thinking in clue it's the master bruce  
Two girls in the nude I couldn't wait to intrude  
I couldn't wait to penetrate the both of you two  
You probably would have been scared I wasn't noticing you  
Scared I'd be occupied with your friend, my nose in the [clean]  
But, we ain't play that game cause we know you probably would lose  
Honey pie, don't front like you goodie-two-shoes  
You ain't got no money, how'd you get those new shoes?  
I put the clothes on your back, this the thanks I get?  
Is this April? This must be a prank of some shit  
[Pre-Hook] + [Hook]
