Hush

Squirrel Nut Zippers

Hush, little baby, don't say a word
Mama's gonna stop all your crying
Your time with us has just begun
Hush, little baby, don't cryQuiet little baby, don't say a thing
Mama's gonna buy you a diamond ring
Daddy will sing you a lullaby
Hush, little baby, don't cryYou're in all my dreams
I dream both night and day
You're just what it means
I can't begin to sayYou're in all my dreams
You're in all my schemesYou're in all my dreams
I dream both night and day
You're just what it means
I can't begin to sayYou're in all my dreams
You're in all my schemes
You're in all my dreams
