

# Friendship Song

## Barney

[Barney]

Friends are special, so important they make the world go 'round

[Kids]

We like helping one another at school or on the playground

Friends are there to help each other when one is feeling sad

Being friends is very special be a friend and you'll be glad

[Kids & Barney]

Friends are special, so important they make the world go 'round

We like helping one another at school or on the playground

Friends are there to help each other when one is feeling sad

Being friends is very special be a friend and you'll be glad [x2]
