Time to Make You Mine

Lisa Stansfield

Only in my dreams
I've seen the way it's gonna be
I've waited for this moment
The moment when we share ourselves
This moment can't be thought about
It has to be feltWe're closer to each other
Closer than we've ever been
Seeing things we've never seen beforeI've dreamed your fingers touch me
A thousand times
Dreamed the warm skin of your body
Burning next to mine
Kissed your sugar lips
Caressed your hips
Now we're together baby, now it's timeTime to make you mine
Time to make you mineThe sweet anticipation
Of hands I know will touch me soon
Two fascinating shadows move in timeI've dreamed your fingers touch me
A thousand times
Dreamed the warm skin of your body
Burning next to mine
Kissed your sugar lips
Caressed your hips
Now we're together baby, now it's timeTime to make you mine
Time to make you mine
Time to make you mineI know what it's gonna be
Me and you, you and me
I thought that it would never be
I only knew it in my dreams
Even though you're here with me
I never thought I'd feel such ecstasyWe're closer to each other
Much closer than we've ever been
Seeing things we've never seen beforeI've dreamed your fingers touch me
A thousand times
Dreamed the warm skin of your body
Burning next to mine
Kissed your sugar lips
Caressed your hips
Now we're together baby, now it's timeTime to make you mine [Incomprehensible]
Time to make you mine

Time to make you mine
Time to make you mine
Time to make you mine
Time to make you mine
