The Promise

Maxine Duncan

Jesus
I just want to tell the world about him (woah yeah)
I want to bring his word to the world (ohhh yes)
I want to tell them how much he loves them
I want to make the move, Lord make it with me
On the mountain top in the valley low
In the darkest place I am willing to go
When I hear his voice I will surely know
That he'll be with me where ever I go

CHORUS
For anything you see in me, let it be Jesus (oh my)
If you see the light, he is shining on me
And if I'm walking down the streets, he walks with me
Lord you promised me you will never leave me

I've come to tell somebody that he died for me
He carries their cross to Golgotha Hill
He took the pain, he wore the shame
He could of called ten thousand angels to set him free
Yet he chose to die on Calvary
So we will be saved for all eternity
Because he promised me that he'll never leave me

CHORUS
For anything you see in me, let it be Jesus (oh my)
If you see the light, he is shining on me
And if I'm walking down the streets, he walks with me
Lord you promised me you will never leave me

For anything you see in me, let it be Jesus (oh my)
If you see the light, he is shining on me
And if I'm walking down the streets, he walks with me
Lord you promised me you will never leave me

Lord you promised me that you'll never leave me
Lord you promised me that you'll never leave me
Lord you promised me that you'll never leave me
