Let Me Feel

Melon

I chase my dreams between those memories
I remember your smile, saving you all the old melodies
Wherever I go I give my aims to you
On this road I'm walking alone, I'm feeling blueLet me feel the love one more time
Let me see your face, through the world. It makes me fly
I want you! Hear my voice, try to understand
Telling you words, I can't find
I need you here in my lifeCome to me, I must tell the truth honestly
Only you and me, come together finally
Look in your eyes, I'm loosing my mind, now I am alive
Feeling you close is all I want or I'll dieLet me feel the love one more time
Let me see your face, through the world. It makes me fly
I want you! Hear my voice, try to understand
Telling you words, I can't find
I need you here in my life
