Bulls In Brooklyn

The Academy Is...

Some people have it and other people don't
You've been making some threats, got my name and address
I'm breaking habits you don't want to know
Although I'm wearing my clothes, feeling cold and exposed Yeah
Woah woahDon't say you miss me you probably don't
Well, I've been crossing some lines that most folks won't Yeah
Woah woahDon't say you're more than this or above all this
With your blah blah blah and all your friends
Don't say you think you know when you know you don't
Because tonight the bulls are in Brooklyn and you're still at home
Woah woah woah woahSome people have it and other people don't
Although the road that we've paved still goes both ways
Im breaking habits you don't want to know
Well, I've been crossing some lines that most folks won'tDon't say you're more than this or above all this
With your blah blah blah and all your friends
Don't say you think you know when you know you dont
Because tonight the bulls are in Brooklyn and you're still at home
Woah woah woah woahDon't say you're more than this or above all this
With your blah blah blah and all your friends
Don't say you think you know when you know you don't
Because tonight the bulls in Brooklyn sayDon't think you're more than this or above all this
With your blah blah blah and all your friends
Don't say you think you know when you know you don't
Tonight the bulls are in Brooklyn and you're still at home
Woah woah woah woah, woah woah woah woahSome people have it and other people don't
