

# I Wouldn't Miss It for the World

[Hank Thompson](#)

You really had yourself a fling all night parties everything  
People say you're really quite a girl  
But when you fall in love at last your future will be in the past  
And I wouldn't miss it for the world You always leave a broken heart you kiss and run away  
Your little world will fall apart and that will be the day  
You're gonna need a certain guy and be left settin' high and dry  
And I wouldn't miss it for the world You think that people's hearts are play that you can twist 'em any way  
You're gonna be a very lonely girl  
They'll jerk that carpet neath your feet a broken heart is your reseat  
And I wouldn't miss it for the world You'll meet someone who'll put you in your place  
I want to be around to see that look upon your face  
He'll be gone and you'll remain then your teardrops fall like rain  
And I wouldn't miss it for the world
