

# Gift from Virgo

Beyoncé©

A gift from Virgo (from Virgo)

I wish I could look in your eyes  
And tell you how I feel right now inside  
Baby, I know that it's real  
So real, so real, so real  
How I wish I could be with you  
How I wish, how I wish, how I wish I could be with you right now

Every morning, every afternoon, every night  
I want to be with you  
It don't matter if we go to the park or watch a play, stay in the hotel room all day  
I just want to be with you  
I love everything about you from your old school tennis shoes  
To the way you move when you're dancing with me

Do you remember our first kiss?  
It wasn't long enough  
Remember the first time we spent those weeks together  
They were not long enough  
All of our conversations  
All of your sweet pages  
They're never long enough

When it's time for me to leave  
It's so hard to say goodbye  
I never want to say goodbye  
I never ever want to say goodbye

One day we'll make love  
Finally I'll be yours  
Only you, only you  
I could love you  
It's too late  
I already love you  
I love you  
I love you  
I love you  
I love you
