Deep In Your Heart

Lasgo

I do know life?s been hard for you, my love
We?ll take it slow and let our feelings grow
Day by day I feel I?m getting closer to you
Come with me, won?t let you slip away
Deep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
That?s all I want from you
Deep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with you
To survive you have tried to run from love
Deep down inside you want me in your life
Storm by storm I?m breaking down this wall ?round your heart
I hold on to all your fears are gone
Deep in your heart you are longing for love
I know you want me too
Deep in your heart you are longing for love
That?s all I want from you
Deep in your heart you are longing for love
You feel the way I do
Deep in your heart you are longing for love
And I keep longing to be with you
