Everything You Do

Leonti

From the moment you looked at me
And ever since you called my name
You've been everything that I've seen
And now I'm caught up in this game
My mind is spinning round and around
There's something special I have found
Every time I close my eyes
All I can think of is you and me
Oh baby can't you see
That everything you do
Everything that you do
Makes me wanna go
Everything you say
Everything that you say
Makes me wanna go
They're trying to build a fence
By saying that this won't last
They tell me I don't have a chance
That everything moves too fast
But every time I close my eyes
All I can think of is you and me
Oh baby can't you see
That everything you do
Everything that you do
Makes me wanna go
Everything you say
Everything that you say
Makes me wanna go
Everything you do
Everything that you do
Makes me wanna go
Everything you say
Everything that you say
Makes me wanna go
My mind is spinning round and around
There's something special I have found
Every time I close my eyes
All I can think of is you and me
Oh baby can't you see

That everything you do
Everything, everything you do
Everything that you do
Everything you say
Everything that you say
Everything you do
Everything that you do
Makes me wanna go
Everything you say
Everything that you say
Makes me wanna go
