

Chiddy Freestyle

Chiddy Bang

(Intro)Can I rock to this rhyme?
You're not on my mind
They say we blowin' up
Don't jump on a mine
I once had a time
To the world I was blind
Now I see everything
Through these contacts of mine
I'm at the office yeah
I does it again
I touch it, it wins
That why the label buzzin' me in, uh
Tell my momma I won't stop 'til I'm signed
I'm hot with the ryme
You Megatron, I'm Optimus Prime
I'm locked in to line
I'm just waiting for my turn
Still fresh to death
So this paper I gotta earn
I ain't Stern
David commision me for athleticism
The prototype on the mic
Just check my mechanism
And they ask how you make the world feel it?
I say it's DNA, It's just in my double helix
Controversey sells,
Controversey sells
And I'ma take this nine
shoot the President and bail uh
Not Barack, though I love ya
You in a lower weight class
I'm above ya
Can I get this?
Guarantee I spit this
Hand on the stand
I guarantee you should witness, yeah
The boy back like retro
I want my car to have lights like Esco
I'm in a class, in the corner

I'm special
The flow's magic, magic, presto
I take off before, and I break off
 Perfect attendance
I'm never taking days off
 And while I put in work
 they getting a lay off
 And this is based off
 Flow
 I'm feelin like I'm near cash
 On drive, so I steer fast
 Don't they feel my impact like a deer crash?
 Promised auntie
 If I win, shes right
 Make the rain go away
 Like a windshield wipe
 I'm right, I'm wrong
 I'm everything above
 A big enough heart
 To give a hater a hug
 Shootin' off
 Whether it's grenades or a slug
 Still bees, honey bees, designated by buzz
 What?
