Smash Town (feat. Nucksal ë„‰ì‚´)

SoulChef & Part Time Cooks

I really wanna really wanna really wanna really wanna really wanna ri-i-ide (I just wanna hit it)
if that train is on its way to smash town tonight (can I get a ticket)
let's riiiide,
you can bring your new friends, old friends, Diji with the soul friends all I wanna know is
can I get a 3

oh yeah I'm 'bout to turn 30 still cool as a q
and this, who knows boo we should do something new
we could hold hands while we do it to 'em boo
play R-I tunes and play me the R-groove
which is generally as fast as fuck (I know you sneeze)
well maybe we could slow it down (I got hooking in your 3)
some of 'y'all got lucky and end up in the situation where you with your lady and another lady kinda naked
and you end up finding yourself in the kinda conversation that end up taking you on the finest of
vacations(smash town)
uh, with two, and I can play the background boy
you might not understand where I'm coming with these rhymes
I know I'm rosy-posy with these feelings of mine
just knew you were the shot and I hit you with the dime
she'd even shock hit it 3-pointer one time
you know!

I really wanna really wanna really wanna really wanna really wanna ri-i-ide (I just wanna hit it)
if that train is on its way to smash town tonight (can I get a ticket)
