

XO

Kerli

I'm awesome, I know.
I'm super, for sure.
I'm not the Drama Queen, more than like a car crash
I'm not the Gold Digger, smack your daddy snatch (?)
And there's no one like me, all the boys agree.
I'm not the maniac, just love to comfort
You'll listen when I'm talking, you'll shut your pie hole
While you're in the restroom, while I'mma in my own
You don't even know, I'm going through your phone
Chorus: XO, XO! Boy, this bitch has got to go
XO, XO! Is there something I should know?
So nice to see ya! (oh)
I really miss ya! (oh)
Just wanna kiss ya! (oh)
Call you later! XO! I'm watching their show.
The cameras go on.
Not a criminal, more than like a government
I'm not the first lady, I'm the president!
I'm calling your mamma, just to talk some drama.
You turned everyone against to being your back
I'm not a slow death, I'm a heart attack.
While you're in the restroom, and thinking you're all alone
You don't even know it, I'm going through your phone
XO, XO! Boy, this bitch has got to go
XO, XO! Is there something I should know?
So nice to see ya! (oh)
I really miss ya! (oh)
Just wanna kiss ya! (oh)
Call you later! XO! I'm so corageous,
Being so flertacious.
I'm burning your house down to the ground.
Oh, Boy, you'll never wanna mess around with ...
XO, XO! Boy, this bitch has got to go
XO, XO! Is there something I should know? (should know)
So nice to see ya! (oh)
I really miss ya! (oh)
Just wanna kiss ya! (oh)
Call you later! XO! XO, XO! Boy, this bitch has got to go. (to go)
XO, XO! Is there something I should know? (I should know)
So nice to see ya! (oh)
I really miss ya! (oh)
Just wanna kiss ya! (oh)

Call you later! XO!
