

Bumaye

The Flexican

Fatally beautiful and twisted
Couldn't help be drawn in
Fearlessly, bold determination
Only trouble you have been Carry murder in your heart
Like poetry, a work of art
Knew just how this would end
From the very start Let it all be done Walk the gauntlet, tow the line
Hell hath no fury like my kind
Murder, madness, death divine
Seek my wrath and ye shall find Shame on you, cut me 'til I bleed
Taking more than what you need
Apathy, an omen, forewarning
Couldn't help but heed the call Your prize possession skeletons
Scattered bones laid to rest
So many secrets
I'm surprised you haven't choked I've learned a thing or two
About your sick devotion
So there's no misunderstanding
I'm on to you Bumaye, bumaye
Let it all be done
(Let it all be done)
Let it all be Es hat mich so erschreckt
Du hast mich so schrecklich erschreckt
Ich bin ngstlich
Und habe frchterlichen Durst Ich bin rgerlich
So furchtbar verrgert
Und dermassen geladen
Dass ich kotzen knnte Walk the gauntlet, tow the line
Hell hath no fury like my kind Bumaye, let it all be done
Bumaye, let it all be
Bumaye, let it all be done
Bumaye, let it all be, bumaye Murder, madness, death divine
Seek my wrath and ye shall find Let it all be done, bumaye
Let it all be, bumaye
Let it all be done, bumaye
Let it all be, bumaye Let it all be, bumaye
Let it all be done, bumaye
Let it all be, bumaye Bumaye, let it all be
Bumaye let it all be done

Bumaye, let it all be done
