Sleeping At Last

Sun
Sleeping at Last With golden streams
Our universe was clothed in light
Pulling at the seams
Our once flaring world now friends with fire We may fall in love
Every time we open up our eyes
I get spaced in time
Takes violent things, angry things
And makes them kind We are the dust of dust
We are the apple of God's eye
We are infinite
As the universe will hold you inside Infinity times infinity
Infinity times infinity times infinity
Infinity times infinity times infinity times infinity
Let there be light, let there be light
Let me be right The dust of dust
We are the apple of God's eye
We are infinite
As the universe will hold you inside We are the dust of dust
We are the apple of God's eye
We are infinite
As the universe will hold us inside Ooohhh ooohh ooohhh
Ooohhh ooohh ooohh
Let there be light, let there be light
Let me be right With golden streams
Our universe was brought to light
That we may fall in love
Every time we open up our eyes
