

# To A Friend (Adventure Club Remix)

[Alexisonfire](#)

I'm thinking that its time to get out  
My patients are fading fast  
The mind bruises just a little bit easier  
In dark times and shadows cast What are you suffering for?  
Your pride or some kind of personal war?  
And will you throw it all away?  
For nothing more than a simple taste?  
I stay in time and watch you pass by  
Paranoia woven deep beneath my skin  
And I draw this line  
Breath slow  
You shouldn't have to fight alone  
You shouldn't have to fight at all  
It's nobody's battle but your own Panic holds me like a gun  
Firm and steadfast bleak and cold  
I think it's time to kill the drama  
This lifestyle is getting old Faces threaten from behind closed doors  
Eyes spy from dark windows  
Plotting minds that seek to harm me, or maybe not There is  
Something  
Waiting  
For me  
In the  
Darkest  
Part of  
My imagination This is just self-induced terror  
There's more to come  
This is just a glimpse  
I tell myself its all in my head  
But I'm pretty hard to convince Oh, there's no relief  
Oh, this wold can offer  
Oh, there's no relief  
Oh, this world can offer me I stay in time and watch you pass by  
I draw this line  
And hope you'll take my side  
You shouldn't have to fight alone  
Its nobody's battle but your own
