

# Long Live Punk

## Anti-Nowhere League

The Pistons said there was no future  
1976 Punk Rock was born...  
The Muso's said... It's just a fad  
Those patronizing bastards got it wrong...  
So we hit the streets with hell for leather  
..Punk Rock's gonna live forever...  
We got no fucking heroes... Long live Punk  
We got no feelings... Long live Punk  
We got no ambitions... Long live Punk  
We got no reasons... Long live Punk  
Crashing through the '80s and '90s  
Punk Rock metal guitar is what we want  
All the bands are going nowhere  
Going nowhere yeah, but going strong  
So we hit the streets with hell for leather  
..Punk Rock's gonna live forever...  
We got no fucking heroes... Long live Punk  
We got no feelings... Long live Punk  
We got no ambitions... Long live Punk  
We got no reasons... Long live Punk  
Long live Punk  
Long live Punk  
Long live Punk  
LONG LIVE PUNK!!!
