

Blown Away

Warrior Soul

(Clarke)The cash flows out The drugsroll in
The nation rage While the children sinOfficials addicted to dough The bankers grin
But we all know They can't stop it
'Cause they're linin' their pocketsWe're blown away in the U.S.A.
We're blown away every single dayThey can't stop it 'Cause they are buyin'
Their rocketsWe're blown away in the U.S.A.
Overseas They love our green
Keep us happy With your little machinesWe live on credit We live on dopeTher's no promises When you're
livin' on hopeWe're blown away in the U.S.A.
We're blown away every single day
Kiss the sunshine
