

# Get Started

## Young Fathers

Get Started  
Simmer simmer down  
Somebody  
Take it on the chin and leave  
The party  
Which ever sins you gon need  
Get started  
Get startedGet startedDraw a line  
Slide right in  
Ruin a life  
Gonna get fixed  
Get a script  
Life is cheap  
Take my hand  
Let you go  
Who knows?  
She said to me  
(Said to me)  
By any means  
She wants to leave  
Cut me deep  
(Cut me deep)Draw a line  
I drew a lineYou're killing all the birds  
That's why they don't sing anymore  
(With any luck)  
You're willing your worst  
(With any luck)  
Bring blood on the floor  
(With any luck)  
I'll try and I'll try  
(With any luck)  
Cause my soul is malnourished  
(With any luck)  
I'll try and I'll die  
Cause I'm being punished  
I'm coming  
I'm coming  
Simmer simmer down  
Somebody

Take it on the chin and leave

The party
