The Feel

Iamsu!

(Hook)
Can't tell me what it feels like x 2
When you got the whole game on your shoulders
I'mma tell you what it feels like
They get some young niggas taking over
[I just wanna smoke some, roll some
Up for the lean] x 2(Verse)
Ride on me babe
Cuz I gotta get it, ain't no handle
I could never ever get low
If you get a real cheap on the bando
Gettin' right back in the game
I'll be fine to get it jay
Hard brick, silly game
Hit speak, helly game
Know my hard team winnin'
But allow keep spinning
You remember pretty women in time when we killing
You are here as red boy, right now I'm getting millions
I'm always on the grind try to get it(Hook)
(Verse)
When I think of other game
I see all your bitch niggas there's on flavors
I only think that they could use a change
Switching out the pinged out, calling main drop
Know we come to play
If I do it I get pay, we don't shit in different way
Same shit on different day
So my mind on my business and guys my only witness
Some times on the line, you really just gotta visit
It's go shine on your niggas, I'mma ride for my niggas
I'mma grind all the time just to get it
(Hook x 2)
