

Only You (Piano Acoustic)

[Ric Hassani](#)

Only you Oh oho no, Yeah
You're the lighting my day
You brighting my day
When i see you
I know I'd be okay
You're the one that I feel
And you know that is real
When I think of you
I know I'd be okay
It's you my love
Anytime i sleep
I see you my love
Early in the morning
Its you my love
Its only you i needed
Say you'd never leave cause you make my life complete
Its only you
(Now only you way i want to don't you know)
Its only you
Never seen the girl that can do the things the things you do
Its only you (only you, only you)
Say you'd never leave me
the only you i want the way i need
Girl, its only you
Its only you
only youna you You're the beating my heart
When we are apart I feel like I'm loosing my mind
You're like the star in the sky When I look in your eyes
I believe my life is complete Cause its you my love
anytime i sleep
i see you my love
early in the morning
It's you my love
It's only you i needed
say you'd never leave cause you make my life complete
its only you
(Now only you way i want to dont you know)
its only you
Never seen the girl that can do the things the things you do

its only you (only you, only you)
say you'd never leave me the only you i want the way i need Girl its only you
Only you
Its only you
Its only you
you doo doo Its you my love
Anytime i sleep
I see you
Early in the morning
Its you
Its only you i need
Say you'd never leave cause you make my life complete
Its only you
(Now only you way i want to dont you know)
its only you
Never seen the girl that can do the things the things you do
Its only you (only you, only you)
say you'd never leave me
the only you i want the way i need
only you
